Objective: A highly skilled C# and ASP.NET Core Developer with over 4 years of experience in software development, UI/UX design, and backend integration. Seeking a challenging position where I can leverage my technical skills and problem-solving abilities to contribute to innovative solutions and continuous improvement in software quality.

SUMMARY

Summary: Experienced and versatile software developer with a focus on C# and ASP.NET Core. Proven ability to design and implement responsive web applications and desktop interfaces. Expertise in database management, frontend technologies (HTML, CSS, JavaScript), and backend development. Strong collaborator with excellent communication skills, committed to delivering high-quality, user-centered solutions.

EXPERIENCE

C# Developer

YottaGate Co.

08/2020 - 06/2024, Sanaa, Yemen

Developed and maintained over 50% of the company's software products, including Saba Cash, Hakeem Platform, Mike Gate, and Azar Platform, leading to a 30% increase in operational efficiency. Proficient in developing desktop interfaces using Windows Forms, XAML, and MVVM patterns, with strong expertise in UI design and seamless backend integration. Conducted thorough testing and debugging, reducing system downtime by 20%, while providing detailed documentation for future maintenance. Skilled in Flutter development for mobile and web platforms, staying updated with emerging technologies.

WEB DEVELOPER (ASP.NET & C#)

RAIO Co.

01/2020 - 08/2020, Sanaa, Yemen

Designed and implemented key features of a school management system using ASP.NET and SQL Server, including student registration, lesson management, and document archiving. Led the process of requirements analysis, system design, implementation, testing, and ongoing maintenance, ensuring clean coding practices and high code quality. Achieved a 40% reduction in manual data processing time through system automation, and collaborated with cross-functional teams to deliver 40% of the project 15% ahead of schedule, improving overall project efficiency.

DESIGNER AND DATA ENTRY

City Spectrum Labs

01/2016 - 10/2018, Sanaa, Yemen

Data entry work involves collecting, organizing, and inputting data accurately, while design work using Photoshop includes creating visually appealing designs, manipulating images, and incorporating branding guidelines. Effective coordination and communication with team members and stakeholders are crucial throughout the process to ensure data accuracy, design alignment, and timely delivery.

PROJECTS

- Developed a Dental Appointment System using ASP.NET MVC, featuring appointment scheduling, and an admin dashboard. utilized Entity Framework and Bootstrap for a responsive design.
- Currently developing a robust agricultural supply chain management system leveraging ASP.NET Core framework.
- Successfully implemented key features and user interfaces for a warehouse management system, including inventory tracking, order processing, and reporting, using ASP.NET Core.
- Designed and developed multiple custom websites from scratch, demonstrating proficiency in HTML, CSS, and JavaScript.
- Created a simplified accounting system using Windows Forms and C# for basic financial management.
- Played a pivotal role in the development and maintenance of several complex systems, including Saba Cash, Hakem Platform, Azar Platform, and Maik Gateway Platform, during my previous employment.

EDUCATION

- **Bachelor of Computer Science** Taiz University-Yemen, Taiz 2014
- **Al-Ershad High School**, Abu Subus, Dhabi, Taiz -Yemen, Class of 2009

TRAINING COURSES

- **AI Skills Challenge: Build Intelligent Apps** - With Microsoft (2024)
- **Foundational C#** - With Microsoft (Certificates available) (2024)
- **Training course in software project development** - Wist Academy, Sana'a, Yemen (Certificate available) (2024)
- **Full-Stack .NET** track - Satr e-learning platform (Certificates available) (2024)
- **ASP.NET Core** - Alison website (No certificate) (2024)
- **Art of dealing with clients** - Sun Rays Company (Certificate available) (2019)
- **IDCL** - General Institute of Communications (Certificate available) (2011)

TRAINING WORKSHOPS

- **Microservices Architecture** - Wist Academy, Sana'a, Yemen
- **Node.js** - Wist Academy, Sana'a, Yemen
- **ASP.NET Core** - Wist Academy, Sana'a, Yemen

SKILLS

Hard Skills:

- Proficient in assembling and configuring computer systems, including troubleshooting hardware issues.
- Experienced in installing and configuring Windows operating systems.
- Proficient in troubleshooting network connectivity issues.
- Experienced in performing hardware maintenance and repairs.
- Solid understanding of computer architecture and components.
- Proficient in using scripting languages to automate hardware tasks.

Soft Skills:

- **C# and ASP.NET Core Development:** Mastery of C# programming, including OOP principles, LINQ for data querying, and expert in MVC and Razor Pages architectures. Proficient in Dependency Injection, Middleware, and Entity Framework Core for efficient data management.
- **Frontend Technologies:** Proficient in HTML, CSS, JavaScript, jQuery for designing and styling user interfaces.
- **Mobile and Web Application Development:** Skilled in Flutter development for both mobile and web platforms.
- **Database Management:** Proficient in SQL Server, MySQL, and other relational databases.
- **Cloud Deployment:** Experienced in deploying applications on Azure and AWS.
- **DevOps and Version Control:** Proficient in Git for version control, experienced in CI/CD pipelines for continuous delivery, and automation to accelerate development.
- **AI and Automation:** Leveraging AI tools to enhance development efficiency and product quality.
- **Backend Development:** Experienced in developing and consuming web APIs.
- **Security:** Committed to building secure applications by following best practices and mitigating vulnerabilities.
- **Problem Solving and Analytical Thinking:** Strong skills in identifying issues, optimizing performance, and providing efficient solutions.

Skills:

Project Management, Agile Methodologies, Communication, Problem Solving, Teamwork, Emotional Intelligence, Adaptability, Self-Learning, Time Management, Stakeholder Management

Languages: Arabic and English
